# Crescent Lufkin Chalk Reels

## Ultimate in ease of use and dependability

Our revolutionary 30 m / 100 ft Professional Chalk Reel has three innovative features that put it ahead of any other reel on the market: A one-way valve makes refilling quick and clean, a locking hub makes snaps neat and fast, and a nesting end hook ends tool bag tangles.

The reel also has a 6:1 gear ratio for faster retraction and braided line for better chalk retention. Use it with the high-visibility Crescent Hard Mark Chalk and get sharp, accurate lines on every snap.
